1,500 AMERICANS IN MEXICAN CAPITAL UNABLE TO LEAVE**Arrived From Surrounding Provinces Too Late for Last Train.****RAILROAD COMMUNICATION OFF****Consul Canada Asks Admiral Cuddeback the English Commander to Aid in Having Railroad Service Resumed; More Refugees in New Orleans.**

By Associated Press.
WASHINGTON, May 1.—Consul Canada at Vera Cruz reported to the State Department today that there still are 1,500 Americans in Mexico City unable to get out because of interrupted railroad facilities. These are for the most part new arrivals in the capital from the surrounding country. They arrived just after the departure of the last train for Vera Cruz.

Consul Canada has asked the British minister and Admiral Cuddeback, the English commander to exert their efforts to restore railroad communication with the capital.

By Associated Press.
WASHINGTON, May 1.—General Herta last night accepted the proposal that there be no further hostilities between the United States and Mexico pending the efforts of the envoys of Argentina, Brazil and Chile to bring about an amicable settlement of difficulties between the countries.

Confidential reports reaching Washington late last night that Dr. Edward Ryan, an American in the service of the United States government, looking after relief work at Vera Cruz, as a spy in Mexico City today, caused Secretary Bryan to make urgent representations in behalf of Dr. Ryan to the Spanish ambassador, General Huerta's representative here.

Near Admiral Mayo at Tampico, reported that the Navy Department last night that the Ward line steamer Anitla, being the Cuban flag was fired upon and held up in the river here yesterday by Constitutionalists, but later steamed into port under cover of fire upon the rebels from the Mexican Federalists.

By Associated Press.
VERA CRUZ, May 1.—The Ward line steamer Anitla was fired upon by both the rebels and the rebels at Tampico yesterday, according to a dispatch received here by wireless telegraph from that seaport. The steamer of the vessel was struck by one of the shots and a fire was kindled.

The Anitla left New York April 18 and was flying the Cuban flag. The liner was first taken by the Federalists and then she was running out from the city. The rebels, after their position near the mouth of the Tampico river opened fire on her.

The commander of one of the British boats lying off Tampico filed a protest with the Federal and rebel commanders.

By Associated Press.
WASHINGTON, May 1.—Gravity of the situation at Tampico, growing out of the accumulation of all from the floating world in the interior which constitute a great menace to the town itself and threaten a financial loss as result of the overabundance of the tanks and finally the interference with neutral commerce by the Constitutionalists as exhibited in the firing upon the Ward line steamer at Tampico, prompted Sir Cecil Spring-Rice, the British ambassador to confer today with Assistant Secretary Osborne at the State Department in a further effort to create a neutral zone in the oil field vicinity.

WASHINGTON, May 1.—Admiral Fisher reported today that within two or three days he would send the battleship Montana in New York with the bodies of sailors and marines killed at Vera Cruz. The admiral said he says, as soon as her release is not necessary at Vera Cruz. The bodies will be shipped from New York to the homes of relatives.

WASHINGTON, May 1.—After receiving a message said to have come from the Huerta government from the Spanish ambassador Mr. Rino, the South American envoy seeking to mediate in the Mexican crisis entered upon the conference today with more apparent confidence than ever.

Following their conference with Secretary Bryan last night when they were told that General Huerta had consented to an armistice the envoys worked diligently on proposals for mediation to be submitted to this government and the Huerta regime as the next step in the negotiations.

Representatives of the Constitutionalists here insisted that General Carranza's acceptance of the principles of the mediation would be followed by acceptance of an armistice and insisted that the internal dispute of Mexico would not be included in the negotiation if cessation of hostilities is insisted upon in the meantime.

By Associated Press.
NEW ORLEANS, May 1.—Thirty-six refugees from Mexico, the first to be released from the quarantine station on miles down the Mississippi river, left here today for their homes in various parts of the United States. Secretary of War Woodrow Wilson at the detention camp but practically all will be released within the next 48 hours.

ROOSEVELT PARTY EMERGES FROM THE WILDS OF BRAZIL**Colonel Wires That He Will Sail for New York Today or Tomorrow.**

NEW YORK, May 1.—Cable advices received here from Manaus, Brazil where his expedition started yesterday from the interior, stated that Colonel Theodore Roosevelt would sail today or tomorrow for New York.

As no mention was made of the plans of other members of the party it is presumed here that several will accompany the Colonel and that Roosevelt will go directly to Madrid, Spain, where he is to be married shortly to the daughter of Ambassador Joseph Willard.

The mention by Colonel Roosevelt that the trip had been a hard one, caused officials of the National Museum to indicate that what Colonel Roosevelt terms a hard trip really meant that unusual adventures were encountered even to the rising of life to traverse the country never before visited by white men.

BEWARE OF MANICURES**Claim They Are Cause of Spread of Disease.**

NEW YORK, May 1.—Manicure shops and the operators are responsible in a great degree for the spread of disease in various forms of infection of the hand, according to statements made by Dr. Edward Wallace Lee, before the convention of the Medical Society of the State of New York.

"I know of over 100 cases that I can trace directly to the careless use of manicure instruments," said Doctor Lee. "There are a great many manicurists who have no idea of the importance of sanitation and sterilization and who are so unskilled and careless in the use of their instruments that it is a wonder the cases of infection are not more numerous."

HOISTING MINERS' BODIES.**Work Is Slow as Only One Can Be Hoisted at a Time.**

POCONO, N. Y., May 1.—Federal rescue crews equipped with axes and other tools, entered mine No. 5 at 6 a. m. today to clear away twisted wires and broken posts that have hindered the entry and to recover the bodies of the 12 miners killed by the explosion last Tuesday. As soon as they descended the work of hoisting the bodies began.

The bodies were at the bottom of the shaft but it was expected that night would come before they could be brought up as the cage can only carry one at a time and the round trip is almost a half of a mile.

HIG CONTRACT LET.**A. C. Herwick to Make Improvements to Lytle Theatre.**

The contract for the improvements on the Lytle building on North Pittsburg street, occupied by the Lytle Theatre, which was recently purchased by the Lytle Theatre, has been let to Contractor A. C. Herwick and work on tearing down the frame part of the building in the rear was commenced today.

The improvements are expected to be completed within the next sixty days. Until they are completed the Moose club will move its quarters to the front of the building.

NEEDHAM WANTS MONEY.**Fairmont Manager Won't Act Until 30 Tickets Are Sold.**

According to reports from Fairmont, that town may not be represented in the Pennsylvania West Virginia Baseball League. Manager George Needham has 30 more half-season tickets to dispose of at \$2 each before he will advance \$400 for carriage and board to the players.

Needham says he isn't taking any more money. He says that if the fund "come around" with the price of the remaining season tickets.

PEACEMAKER SHOT.**Flitz Henry Man Wounded When He Tries to Stop Fight.**

Charles Friend, 50 years old, of Flitz Henry, was admitted to the Cottage State hospital last night for treatment of a gunshot wound suffered last night when he attempted to quell a fight between two men.

Friend told the hospital authorities that when he tried to part the men one of them drew a revolver and fired. The bullet entered his left hip. His condition is not serious. Friend is employed in the Euclid mines at Flitz Henry.

HAD LONG WALK.**Local Man Stranded in Brownsville Hike to Uniontown.**

UNIONTOWN, May 1.—Benjamin Kearney, aged 55, of Connellsville, found himself stranded in Brownsville yesterday and waited in Uniontown.

Here he met friends and was provided with supper. Kearney had been to Monongahela City searching for his son and learned he was in Fairmont.

WON'T SEND DEPUTIES.**Bellevernon Burgess Refused Aid by Sheriff Kiefer.**

UNIONTOWN, May 1.—Burgess Royd of Bellevernon has requested Sheriff M. Kiefer to send a squad of deputies to Bellevernon to remain during the Charlestown and Monaca street car strike.

On the grounds that there had been no rioting, Sheriff Kiefer refused to send deputies at the county's expense.

STEAMER SIBERIA GOES ASHORE OFF ISLAND OF FORMOSA**Fate of 521 Passengers and Crew of 200 is Not Known.****JAPANESE WARSHIP SENT TO AID****Mrs. Francis B. Harrison, Wife of the Governor General of the Philippine Islands, One of Those on Board. Signals of Distress Become Palatial.**

By Associated Press.
TOKIO, Japan, May 1.—A dispatch from Nagasaki reports that the steamer Sibiria is sinking off the island of Formosa. No details of the steamer's plight are given, but it is known here that she carried 80 saloon passengers among them Mrs. Francis B. Harrison, wife of the governor general of the Philippines.

The Sibiria left Nagasaki for Manila by way of Hong Kong on April 28. A wireless station on the Japanese coast picked up the distress calls sent from the Sibiria to the Great Northern liner Minnesota bound for Nagasaki. The Sibiria was in communication also with the British cruiser Minotaur.

George W. Guthrie, the American ambassador to Japan, as soon as he heard of the condition of the Sibiria requested the Japanese foreign office to send a warship to her aid. He was informed that the government, having already learned of the accident, had sent the Kanto Maru from Port of Kobe to the Sibiria's position. A later dispatch says that the Sibiria is ashore off the southeast coast of Formosa, six miles from the mainland.

Mrs. Harrison came to Japan for a short visit. She embarked on the Sibiria at Yokohama. The Japanese navy department has received the following dispatch: "The Japanese general of Formosa cables that a Japanese cruiser on her way to the Okinawa Islands, off the island of Kurehara, reports that the Pacific Mail steamer Sibiria met disaster this morning in longitude 121, 10 east. She sent repeated signals of distress which finally came indistinct. No details are known. The Kanto Maru has been ordered to the scene."

Another dispatch received from the capital of Formosa conveyed the alarming intimation that Chinese pirates may have been in the vicinity of the reported disaster to the Sibiria. No details have been received here up to 10 o'clock tonight.

The Sibiria left Yokohama April 27 and Nagasaki April 29 for Manila. She had a passenger list of 51 persons in the first cabin, about 50 in the second and 400 in the steerage. She is in command of Captain Zeeder and carried a crew of 200 men. The steamer was loaded with mail and passengers. The steamer was loaded with mail and passengers. The steamer was loaded with mail and passengers.

When the first wireless calls for help were heard, the nearest ship was six hours away. The Japanese navy department was inclined tonight to disregard the reports of the disaster and expressed the opinion that they were the outcome of the recent sinking of a British steamer.

The first wireless message regarding the disaster was received from the Sibiria this morning at the Japanese wireless station off the coast of Kurehara Island. It conveyed the information that the steamer had met disaster and was sinking. No further information could be gleaned from it.

Among the passengers on board the Sibiria are Captain G. C. Wittaker of the Philippine constabulary and Mrs. Wittaker and infant of Franklin, Pa.

STORE DEAL ON.**McGill Business at Dawson Bought by Manor Man.**

A deal for the sale of the store of George McGill at Dawson to William Curry of Manor, will likely be closed early next week.

Mr. McGill has conducted a general store in Dawson for the past twenty years and expects to retire from active business when the sale is effected. He will still continue to reside in Dawson, which has been his home for a number of years.

FINDS \$700 PACKAGE.**A package containing \$700 pay for the men at the United Fire Brick Company at the Oakmont Farm, near Ferguson, was dropped on a West Penn street car yesterday afternoon by Superintendent John M. McDowell and was picked up by conductor J. P. Taylor of Connellsville.**

TWO BOY ROBBERS ARE SENT TO JAIL; THREE ARE MISSING**Wilbert Leech and Samuel Trump Will be Committed to a Reformatory.****MORE OF THEIR LOOT FOUND****Two Pairs of Shoes Stolen from Down's Shoe Store Saturday Night are Found Under Warehouse Near Trucks; Leech Wore Other Pair.**

Wilbert Leech and Samuel Trump pleaded guilty before Alderman Fred Munick this morning to having committed a number of the petty robberies at various business places throughout the city during the last few weeks and were committed to jail. The district attorney promises to build them before court as soon as possible and have them sent to a reformatory.

Theodore Johnson, George Vogel and Edward Williams, the three other boys implicated by Leech and Trump in their confession are missing. It is believed that they skipped out when their companions were apprehended. Though telegrams were sent to various places to detain them, no word was received by Constable Billington who brought about the solution of the robbery mystery yesterday. It is believed that they may have joined one of the dozens that are touring the section.

Yesterday afternoon two pairs of shoes stolen from Down's shoe store on Pittsburg street on Saturday night were found under the warehouse of the Yorkville street near the Pennsylvania railroad tracks. The third pair was worn by Leech when he was arrested.

Though the boys at first disclaimed any knowledge of the robbery of the Connellsville Market on Wednesday night, going down upon them were positively identified by the proprietor. After Leech and Trump confessed but they declared that their companions were not implicated in that robbery.

Trump is a 15 year boy. He has been in trouble a number of times and has taken his arrest very calmly. Leech is larger than both are about 15 years old.

HELD FOR COSTS.**Prosecutor and Defendant in Pick-pocket Case in Tolls.**

Both prosecutor and defendant in a case against Alderman Munick's office this morning are being held. A charge of attempting to pick his pocket was brought against S. H. Collins and William A. Dunn by S. H. Farley. Farley claimed that the men went through his pockets at the Wyman bar last night but got nothing only because there was nothing to get.

At the hearing Collins was discharged, nothing being proved against him and Dunn was held because he could not raise the costs. When he could not get the money it fell to the prosecutor to produce it and he has been in trouble a number of times and has taken his arrest very calmly. Leech is larger than both are about 15 years old.

PLAN NEW BRIDGES.**Commissioners Approve Two New Structures for Sallick Township.**

County Commissioners Charles T. Nutt and Charles S. Langley passed through town yesterday returning from a two days' trip to Springdale and Sallick townships, where they inspected bridges and found them to be in good condition.

Plans were made for the erection of two new bridges over Russell's creek in Springdale township, and the other over Chumpton run in Sallick township.

The commissioners must secure the permission of the Pennsylvania State Waterways Commission before they can go ahead with the building of the two bridges. They were accompanied by County Bridge Engineer Wilbur L. Dunn.

TO ERECT BUNGALOW.**Clyde Whitley Lets Contract for Residence on Hill.**

Clyde Whitley of the engineering department of the West Penn Railways Company has let the contract to Contractor A. C. Herwick for an eight room bungalow brick bungalow south of the residence of E. T. Norton, in Connellsville township. The building will cost about \$4,400.

John Papovich, formerly proprietor of the Hotel Kelly, now of Vanderhill, has awarded the contract to Contractor Herwick for a three story brick business block and hall at Vanderhill.

Polks Ready for War.

Of the Polish Polish Military Alliance of America who have volunteered to enlist in the United States army if war is declared with Mexico, Mount Pleasant has a lodge of 108. Nearly all have had previous military experience and the organization has set a much higher physical standard than that required by Uncle Sam.

Captain Gans on Job.

Councilman John I. Gans who has been absent from the city hall because of the combined efforts of rheumatism and a carbuncle, is about again.

HEALTH BOARD STARTS FIGHT TO KEEP THE CITY CLEAN**Warrant Served on Grocer for Throwing Refuse on Street Near His Store.**

Determined to keep the city clean now that it has undergone its first real cleanup, Health Officer George Hietzel this morning began a series of prosecutions when he swore out a warrant for the arrest of James Weaver, a grocer of York avenue, for throwing paper, fruit stalks, straw and other refuse on the street near his place of business.

The warrants will be served during the day and Weaver will be required to appear for a hearing before the mayor tonight at 7 o'clock.

"I have a number of others in mind for whom I will swear out warrants soon," declared Mr. Hietzel this morning. "I am tired of warning them not to throw rubbish on the streets. I served several notices on Mr. Weaver but he refused to comply with them."

During the big cleanup last Thursday, many alleys, streets and vacant lots were cleared of deposits of refuse of last year's standing and the Board of Health does not intend to permit such conditions to be created again. Prosecutions will be brought in any case that there is sufficient ground for action.

FIRST BASEBALL GAME**Mac's Boys Will Line Up Against the Uniontown Collegians Today.**

This afternoon the fans are having their first opportunity to size up the team that will represent Connellsville in the new Pennsylvania & West playing Ralph Kennedy's Uniontown Collegians at Payette field. This is the first of the exhibition games, and while more in the nature of a practice game to give Mac's a chance to perfect his team play, it is, nevertheless, bound to bring out all the Colons have in them. Kennedy claims for his team that it is the fastest independent club in Western Pennsylvania; in fact, he does not hesitate to say that the Collegians are the equals of any Class B team in organized baseball.

The Collegians will line up as follows: Pitcher, Elmer and Boyer; catcher, Jones and Gibson; first base, Kerfoot, second base, Kinzer; third base, Cassidy or Thompson; shortstop, Ball; outfielders, Hopwood, Whitely and McMorrough. The game starts at 3 o'clock. The umpire will be Mr. Norris.

Mac will try to give the majority of the men in his squad a chance to get in some part of the game, and will probably start with Lichty pitching and Kelly catching to be relieved by Pursendown and Baughman.

BOYS WILL GO ON HIKE**Secretary Bier and Eight Youth to Spend Night in Woods.**

Secretary E. T. Bier of the Young Men's Christian Association will accompany a group of boys for a night's stay in the woods after school leaves out today. The boys will all take their own blankets and grub in addition to which they will carry a section of the large rope which is used on these outings.

The ropes is divided into separate parts so that it is easily carried and quickly put together. In case of bad weather the boys can be built in the tent without danger of the boys being smoked out, a draft being made by the ropes itself.

Those who will make up the crowd are taken from the intermediate class and there will only be eight members. This plan will continue throughout the year as a larger number last summer spoiled the trip. A different group will go each Friday.

PRIZE FOR WINDOW DISPLAY.**West Side Grocer Wins Award From Flour Company.**

H. L. Piersol, a West Side grocer has been awarded a prize of \$5 for having the most attractive and best trimmed window for the April contest of the Laurel Flour Company. Each grocer who deals in Laurel flour was supplied with a prize of \$5 for having the most attractive and best trimmed window for the April contest of the Laurel Flour Company. Each grocer who deals in Laurel flour was supplied with a prize of \$5 for having the most attractive and best trimmed window for the April contest of the Laurel Flour Company.

His window with these, the one having the best effect of any store in the whole United States received a prize. Piersol made his window show up by getting to the mountaineer's gathering genuine laurel. The picture which was sent to the company's office was taken by Cooper Patterson.

SCHOOL BOARD CONFERS.**Commissioners Discuss Budget and Tax Levy.**

A conference of the combined committees of the school board was held last evening in Attorney P. B. Younk's office.

The making up of the budget for next year preparatory to the fixing of the millage at the next meeting of the school board, and other matters of interest, were discussed. The board will meet on Monday night.

Rates Inadequate, He Says.

WASHINGTON, May 1.—Louis D. Brandeis, special counsel for the Interstate Commerce Commission in the five per cent advance rate case, concluded his argument today in elaborating his conclusion that the net and operating revenues of Eastern railroads are not adequate to afford the roads "assured prosperity" or for "the welfare of the community."

Train Victim Buried.

The funeral of Peter Pignatta, who was killed as by a freight train at Round Bottom Tuesday night, took place this morning from the Sacred Heart Church at Dawson, with interment in the Catholic cemetery at Dawson.

MAY ENTERS WITH HEAVY FROST; TREES ARE NOT DAMAGED**Farmers Report That Their Fruit Crops Will Not be Ruined.****FREEZING POINT IS REACHED****Ice Reported on Nigger Hill Though Official Figures Give Minimum Temperature as 34 Degrees Above; First of May Last Year Was Balmier.**

The advent of the month of May was just as disappointing as that of March and April. March, it will be remembered came in with the roar of one of the winter's blizzards, and April first was anything but balmy and spring-like. Now May comes along accompanied by extremely cool weather and a very heavy frost.

After the threatening weather of yesterday morning, the temperature kept dropping constantly, though the sun came out and the sky was fair. The night was without a cloud and it was early apparent that the low temperature would be followed with a severe frost.

The lowest temperature recorded was 34, two degrees above freezing point yet reports from Nigger Hill are to the effect that the water froze during the early morning hours. The frost is remarkable in that it was the worst frost for a month. There was no white frost at all during April, according to several local men who kept weather records.

Reports from the country districts differ. Some of the farmers say that the fruit trees are damaged and others declare that the frost has had no effect. Several women, however, declared that their flowers had been bitten.

At the A. C. Onleave farm near Lonsdale, it was said that the frost was so heavy that they had not been able to determine whether any damage had been caused.

Reports from C. P. Freed's Highland farm in Dunbar township were that the fruit trees were not damaged, so far as could be determined this morning. At Dawson farmers were also of the belief that the fruit trees escaped damage.

According to the records kept by C. A. Furbaugh of the West Penn offices, the highest temperature during April was 81 on April 29 and the lowest 27 on April 3. During the same month last year, the maximum was 85 on the 24th and 29 on the 28th. The average maximum during last month was 67.2 and the average minimum 43.5. In April, 1913, the average maximum was 69.5 and the average minimum 46.2.

On May 1, 1913 at 6.30 A. M., the thermometer registered 42, at noon 70, and at 4 P. M. 78. It being unusually warm for this time of the year.

April 30, 1913 at noon the temperature was 62, and at 6 P. M. 55.

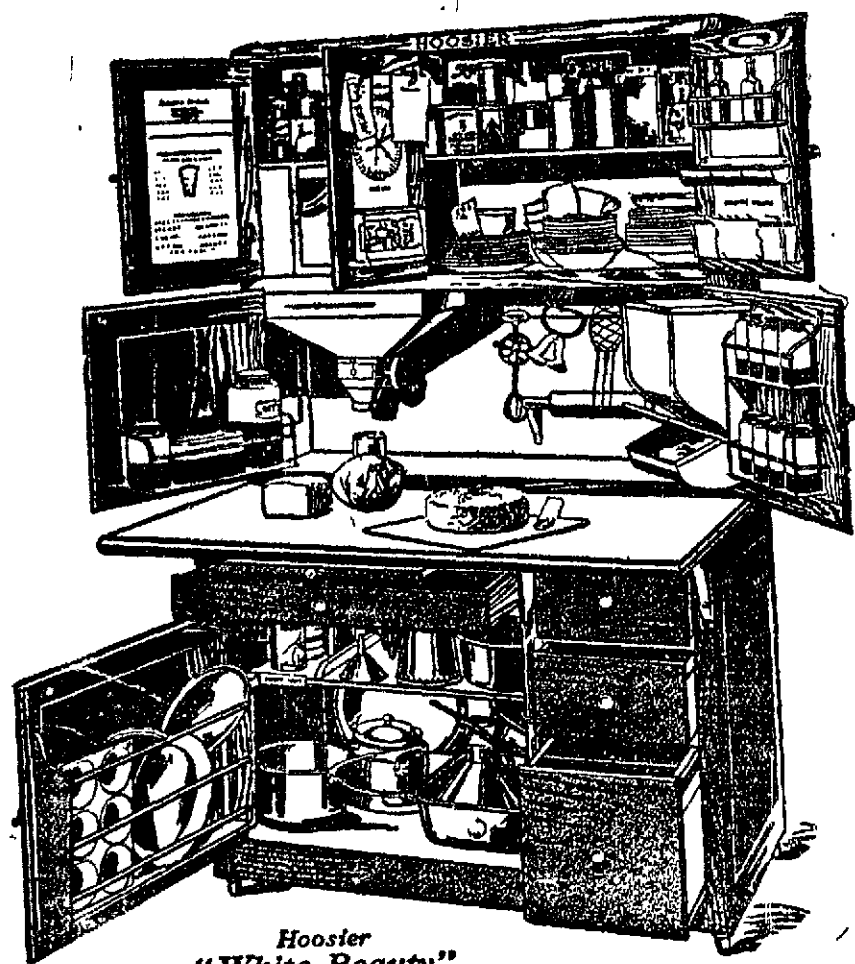

STOLE PAIR OF SHOES**They Weren't Mates But United Man Failed to Notice Such a Trifle.**

Andy Mesach of United took a fancy to the fine footwear displayed in front of the Hagan store on North Pittsburg street last night and seeing the pair that was handiest he went off with them without going through the formality of paying for them. It didn't matter to Andy that one shoe was black and the other green and that they were both for the same foot.

Several bystanders gave chase when Proprietor Jacob Kinsbrunsky declared that he had been robbed and after an exciting pursuit Andy was caught and brought back to the store where he surrendered the shoes and was released.

Chief of Police William Bowers arrested Andy a short time later as a drunk and he was committed to the cells for 72 hours this morning in default of \$5 fine.

REPAIRING BILLBOARDS.

Hoosier
"White Beauty"

Tomorrow, ONLY \$1 puts this NEW HOOSIER in your home on the famous Hoosier Plan.

You may choose between the celebrated "White Beauty," whose picture is shown here, and one of the other Hoosiers, finished inside in oak.

The terms of the Hoosier Plan are these:

1. \$1 puts the cabinet you choose in your home.
2. \$1 weekly quickly pays for it.
3. The Low Cash Price fixed by the factory prevails strictly.
4. No interest. No extra fees.
5. This sale is under direct supervision of the Hoosier Company.
6. Your money back if you are not delighted with your Hoosier.

Only those women who grasp this opportunity tomorrow can be sure of getting one of these cabinets on this liberal Hoosier Plan. You realize of course that these terms could not be offered except on a very limited number of cabinets. After this sale—

1. The "Hoosier Plan" terms will be withdrawn.
2. Our regular furniture terms will then prevail.

THE IMMEDIATE CLOSING of this sale may now be the number of women who enroll on this Hoosier Plan. If all the women who need Hoosiers should come tomorrow, our allotment would be taken before night and the sale would close. This has happened in many similar sales throughout the country. On the other hand, if women delay, the sale may last all week. This too has happened. Which now is best for you—to delay and take the chances of missing this opportunity or to come down tomorrow and find out about this cabinet so you can decide before it is too late?

It cannot take you ten minutes to decide, once for all, whether you intend to purchase now or later—And you are deciding, remember, whether or not you will save miles of unnecessary steps you now take.

But unless you at once decide, you may decide too late to own this greatest of all Hoosier cabinets on this liberal Hoosier Plan. 700,000 women already have Hoosiers. Thousands are buying this New Hoosier every week. You should without fail grasp your opportunity and see this cabinet tomorrow.

Read About these conveniences that have made the HOOSIER necessary to over 700,000 Women

(1) Mrs. Christine Frederick's famous "Housekeeper's Food Guide"—on the upper left door—answers every woman's eternally perplexing problem—"What shall we have for dinner?" You turn the dial to the meat you want and a complete outline of a perfectly balanced meal is before you—an exclusive Hoosier feature that is an invaluable help.

(2) The Cook-book Holder on the middle upper door holds your cook book securely when not in use. When you are cooking, simply open up the book to the proper page behind the holder. It is on a level with your eye, always clean, never in the way.

There are 40 special conveniences in the NEW HOOSIER—17 are entirely NEW.

(3) The Hoosier Metal Flour Bin holds fifty pounds. It is low and easy to fill. The sliding glass front enables you to clean the entire bin easily. The inside is entirely of metal with no corners to hold flour. First flour in is always out first.

(4) The New Shaker Flour Sifter is the most wonderful of all the New Hoosier inventions. It is the only flour sifter ever made on a kitchen cabinet that shakes flour through instead of grinding it through. It cannot wear out and cannot grind through any grit or foreign substance that might be in the flour.

Twenty of these features are described in OUR WINDOW DISPLAY which will be the talk of the town next week—come in and find out about the others.

(5) A Big, Extra Roomy Drawer in the base is made entirely of metal for the proper storage of all kitchen linen, towels, dish cloths, etc. The drawer is noiseless, rustless, and easy to keep clean.

(6) A new feature is the Base Cupboard—a narrow shelf conveniently located for the storage of canned articles. Most women will find this a great convenience as an "emergency shelf." It will save many trips to the cellar or pantry.

TOMORROW YOU may examine all the new features. You incur no obligation. But you should come early so you can study them all carefully. Our stock of White Beauty patterns is limited. You may be too late to get one on the HOOSIER PLAN if you delay. Come and SEE this remarkable NEW Hoosier tomorrow.

SIMPLE WAY TO END DANDRUFF

Stop Itching Hair and Itching Scalp.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This dissolves it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single skin and trace of it no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you want to keep your hair looking rich, do by all means get rid of dandruff, for nothing destroys the hair so quickly. It not only survives the hair and makes it fall out, but it makes, it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Adv.

RAILROAD RATES TOO LOW.

The hearing in the matter of the application of the eastern railroads for permission to increase their rates five per centum horizontally was concluded before the Interstate Commerce Commission at Washington yesterday with the audience on the part of Louis D. Brandeis, attorney and chief investigator for the commission, that the net income and operating expenses of the railroads are smaller than in consistent with their assured prosperity and the welfare of the community.

After all these months of delay the business world is not to think that this is a matter of regret this conclusion might not have been more hurried, as likewise the suggestion that the commission has no power to permit the railroads to make a horizontal advance.

The railroads will doubtless seriously consider the suggestions of Counsel Brandeis for increasing their revenues by other and more honest means, but they will probably wonder whether it will not be possible for them to file tariffs increasing rates in accordance with this admission of their reasonable character without being considered as suspended by the commission. The rule ought to work both ways.

The protests of certain special interests against any increase in rates on certain commodities on the ground that the rates on these commodities have only recently been lowered after litigation tending to show their former discriminating or unreasonable character, rather than being advanced, there can be no discrimination since all districts are treated alike, and there can be no exception since the advance is uniform on all commodities.

STEEL EARNINGS.

The earnings of the United States Steel Corporation during the first quarter were approximately \$18,000,000 as follows:

January \$1,041,437
February 2,555,041
March 2,555,041
Unfortunatly this progressive increase does not reflect present conditions. The increase in tonnage but put due to the revival of business in February ended with March. The trend has been downward during April, and so continues. If prices do not fall, however, the earnings of the corporation for the second quarter ought not to be less than those of the first quarter.

These earnings, however, are far from satisfactory, since they are not sufficient to pay the customary 5% dividend on the common stock and it may have to be suspended. This action would be a hardship on the army of small holders of this stock.

"LAY ON, MACBETH!"

Every now and then the Uniontown Standard, resident with the color of \$60,000 annually, makes a mysterious threat to print something hitherto unknown about the Republican party or the Republican leaders of Fayette county. Here is an example:

"Any newspaper can print twice or three-fold tales, but when it comes to politics, the New Standard will print some tales this year that have never been printed before."

The party leaders express an entire willingness that the organ of the Democratic Syndicate shall publish anything it likes concerning them, being careful to print nothing but the truth. The Republican organs of the county reserve to themselves a like privilege. "Lay on, Macbeth!"

The suspicions of the police as to the identity of the persons who have been committing petty burglaries and thefts about the city are confirmed by the capture of one youth and his companions. There are perhaps others, but this will doubtless be a warning to them. In the meantime, eternal vigilance on the part of the law is the only thing that will protect the citizen from such denigrations, and the citizen is entitled to such protection since he pays for it.

Crow's Army is in our midst, and certain Uniontown citizens with large estates since the line of march are removing their estates to the army to encamp on their neighbors' grounds.

Senator Crow's pointed inquiries concerning the Workmen's Compensation bill remain unanswered. Perhaps it is better so. When a man is caught with the guide there isn't much to say, and the less said the better. What Senator Crow's critics seem most to desire just now is to forget the Workmen's Compensation bill.

The township schools are closing and the town kids are beginning to wish they lived in the country where the flowers are growing and the dahs are blooming.

May is a treat.

The meetings of the telephone employees indicate a combination in promotion of service.

If there are any politics in the contest for county superintendent let it be remembered that the Democratic politicians put them there.

The Mexican mediation will have the effect of opening up the oil territory of that country and perhaps will still further reduce the price of oil.

The Eccles shaft is a tomb.

A rattling rattlesnake from Rouseville threatens to jail all the Republican workers in Fayette county this fall. What's the matter with the Democratic workers?

A Uniontown lad ran off to the war and landed in West Virginia. He was probably hunting for Cabin Creek.

Ponderous Personages

WALTER JOHNSON.

By GEORGE FITCH.

Author of "At Good Old Biwash."

Walter Johnson, is the second great man of that name to win fame in Washington—the capital of our country. There was once a President of that name who was very prominent at that time. But nowadays, when you speak of Johnson in Washington your auditor brightens up and says, "Walter Johnson, isn't he? Have you ever seen him pitch?"

If Walter Johnson had gone to college and meddled with politics, he might have become President, and would have been forgotten by Washington after four brief years. But instead, he pitched hay until he had acquired a pair of wrists like automobile axles, and then began pitching baseballs. Least after he had retired from Washington, and has gone back to the bosom of his people, citizens of the capital will yawn in the midst of the inattention of an administration ball and ask, "By the way, did you ever see Johnson pitch?"

Johnson is a very young man, and if he were in business, would only be considered as an old fellow, a sage from the head of the firm to the

chief bookkeeper occasionally. But neither is he a Court Sultan, pitcher and high card. He pitched Washington from the bottom of the league to second place in three years, which is like pitching a freight locomotive into the fourteenth story of a skyscraper. So now he draws a large salary and when he walks around, the streets moving picture men sneak up behind him and pry open front doors and rear elevators in action for future generations.

Johnson is husky and light haired. He did not learn baseball, but arrived completely equipped like a new model automobile. No doubt he could see brains in his work as Mathewson does, but at present, he is employing the well-known biceps and triceps which have given such good results in the past. He has a way of throwing a ball, which reminds one of a quick-firing rifle shooting at a mark. After he has stretched a few score curves across the plate, the atmosphere in that ball park is all scoured up and overheated, and there are earned out, hollow places in it which have not yet been filled up with new air.

Johnson lives out in Kansas and got his curves by studying the action of the common, or ring-tailed Kansas tornado.

UNION CITY STOMACH VICTIM TELLS HOW HE REGAINED HEALTH QUICKLY

Mr. Martinan Finds Good Health
After Using Mayr's Wonderful
Remedy.

C. Martinan of 48 Graves street, Union City, Pa., after long suffering from ailments of the stomach and the digestive tract, took Mayr's Wonderful Stomach Remedy with the most remarkable results.

The suffering of years was ended with the first dose.

Mr. Martinan's experience is told in a letter—written a year after taking the remedy, thus proving the permanent nature of the benefit. He wrote:

"It has been a year since I took your treatment, which I am sure did me a great amount of good. My health at present is good, thanks to your wonderful remedy. I will always recommend it to my friends."

"This letter is typical of those written by the thousands of users of Mayr's

Wonderful Stomach Remedy in all parts of the country. It is known everywhere. The first dose convinces—no long treatment.

Mayr's Wonderful Stomach Remedy cures the digestive tract of mucus, acidities and poisonous matter. It brings swift relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations; many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitations, so be cautious. Be sure it's Mayr's. Go to A. A. Clarke's drug store and ask about the cases they know—or send to George H. Mayr, Manufacturing Chemist, 164-166 Whitling street, Chicago, Ill. for free book on stomach ailments and many letters from grateful people who have been restored. Any druggist can tell you its wonderful effects.—Adv.

NEWS OF THE DAY AS GATHERED UP ABOUT SCOTSDALE

Sheet Mills Have Been Undergoing Some Big Improvements.

AUTOMATIC OILERS INSTALLED

Borough Has Bought a Team and Wagon for Use on the Streets; Engine Getting a Grade for Proposed Street Paving; Other News Notes.

Special to The Courier.

SCOTSDALE, May 1.—Large improvements which have been going on at the Scottdale plant of the American Sheet & Tin Plate Company are nearing completion, and should indicate that better as so many people are hoping for the local plant would be in splendid condition to respond to any calls upon them for orders. For several months the workmen have been putting in a new engine, to take the place of "Old Sam," which ran the mill for so many years, and which had to be replaced with a newer and more powerful engine. A huge concrete base was built, a sturdy pile of concrete, rubble and sand being buried to make a solid foundation for the monster engine.

Just at present the forces engaged in the improvement is installing an oiling system for the engine, which will do away with anyone going around with oil cans and thus distributing the lubricants. The new system automatically keeps everything properly oiled up, and besides that collects the oil after it is used, refills it and fills up the tanks so that there is no waste whatever. The mills have been all arranged in a chain which will be more efficient than they were in the positions they formerly stood in, and which will be operated more easily with the engine. The old "Old Sam" plant is also in line it is said for extensive repairs and improvements about that place.

VISITED IN TOWN.

Lynne Heffelfinger, a former resident and now of Lower Tyrone township, made a business visit to Scottdale in his motor car on Tuesday afternoon. Mr. Heffelfinger has sold his farm and now has a residence place with the Youngsberry Coal Company, which is extensively working the Deepport coal vein near Chain Mills.

SCOTSDALE TEAM.

Scottdale Borough now possesses a team of horses and a wagon, something that council had been considering the purchase of for several years. The team are two large blacks, bought in Pittsburg. David Baker has been the official driver since they came and the team is being used steadily for street work. There was some excitement on Wednesday while

on Spring street a boy sitting alone on a bicycle ran into one of the horses. The boy grabbed the bridle and hung on to the horse when he collided with the animal and the bicycle went on. No one was hurt.

GETTING A GRADE.

Borough Engineer Benjamin Gibson and his force has begun the surveying of the grade of Merchant street, formerly O'Neil alley, which runs from Broadway up between Pittsburg and Market streets. A petition was offered council sometime ago to have the street paved, and it is proposed to run the grade and see if it be acceptable to the property owners along that thoroughfare. The paving of the street would take a great deal of traffic off Pittsburg street as the rear of the business houses from Broadway to Chestnut street could be best reached from Merchant street, and would be better than using Pittsburg street and using the front of the stores to unload and send out goods.

THIS IS CIRCUUS DAY.

This is circus day for Scottdale, the free show of the season, Jones Brothers & Wilson's Trained Wild Animal Shows being on the lot in Everson.

Rheumatism Quickly Cured.

"My sister's husband had an attack of rheumatism in his arm," writes a well known resident of Newton, Iowa, "I gave him a bottle of Chamberlain's Liniment which he applied to his arm and on the next morning the rheumatism was gone." For chronic muscular rheumatism you will find nothing better than Chamberlain's Liniment. Sold by all dealers.—Adv.

THE SOISSON.

"THE BLINDNESS OF VIRTUE."

Miss Ault of the "Blindness of Virtue" Company that comes to the Soisson Theatre tomorrow, afternoon and night, is always the first member of the company to arrive at the theatre for it is a great job to paint the portrait in grease paint and powder that she has to give out to the girls all the time and puts enough paint into her lines—facial lines not those of the play—to suit the most fastidious artist. The stage hands at the various theatres where she plays say that Miss Ault spends more time in her dressing room at her makeup table than any person who has been seen since Wilton Lachrye played in "The Sea Coast of Bohemia," two roaring comedies, "The Book of the Day" and "The Cuckoo in the Nest" fill out a good program.

HELEN GARDNER IN "FLEUR DE LYS."

Tomorrow afternoon and night the Soisson Theatre will present Helen Gardner in one of her latest plays, "Fleur de Lys." It is in four reels and very good. The two reel feature, "The Sea Coast of Bohemia," two roaring comedies, "The Book of the Day" and "The Cuckoo in the Nest" fill out a good program.

THE ARCADE.

THE BEST 3-ACT BILL.

The show at the Arcade last night proved to be the best three act bill that has been shown in this season—music, comedy and novelty—nothing wanting. Mizpah Selbini & Company, late of European fame, are easily the feature of the bill. Mizpah is a woman of remarkable balancing powers in conjunction with her clever juggling. Her partner, who is 54 years old, is the world's highest kicker and an account of no little note. James and Edgar in a comedy sketch "At the Depot" is a riot of fun and their original parodies keep the audience in an uproar throughout the act. O'Reilly, the dudder, is strictly Irish and so is his violin, on which he plays the ad-

vanced Irish reels of the Old Sod, and he proves to be very entertaining. The show closes with three good pictures.

HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets.

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a heavy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for cod-liver—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

If you want a clean, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like cod-liver—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box.

Take one or two nightly and note the pleasing results. The Olive Tablet Company, Columbus, O.—Adv.

OPPORTUNITY AT HAND

Chance to Invest Idle Capital in Going Local Concern.

Opportunity comes once in a lifetime. Money, like any man, earns nothing. We all know that money makes money. Even in the savings bank your money makes money. No one ever got rich by saving alone unless there was left him a huge amount of money to start with. The wealthy man of today are those who have saved and invested their savings where there was an opportunity for large profit.

Those of us who desire to make money must follow their example that is find an investment where they have an opportunity to get large returns and where the element of risk is cut down to the minimum. Few of us have sufficient capital to finance big undertakings such as the Young Trust & Storage Company, so a few of us must get together and each take a part, and in that way accomplish big results. Stock still selling at par in blocks of \$100 to \$1,000 for short time only. All prospective investors are requested to submit their order by phone or in person on or before 10th of May. As stock will be sold at par after that date, both in a block or in small lots. Second National Bank Bldg. Stock salesman, E. P. Gilpin—Adv.

CATARRH OF STOMACH CAUSE OF DYSPEPSIA

"Catarrh of the stomach is one of the most frequent causes of dyspepsia," stated Lieut. Ballard, who, brought back from the Philippines the famous catarrh remedy, Vin H-patien, which is now being sold exclusively by A. A. Clarke, druggist. Dyspepsia wrecks the entire nervous system, clogs up waste matter in the intestines, which in turn poison the blood. Half digested food in the stomach literally rots, forms poisonous gases and promotes disease of all kinds.

Vin H-patien not only relieves this dyspeptic condition, but removes the cause—catarrh, and the patient gets immediate relief—Adv.

THE TRUTH ABOUT OLIVE OIL

Spout arrangement fully patented

Canned at the place of production in Italy

There are a number of "Pure" Olive Oils on the market to-day. All the pure olive oils, however, are not First Quality olive oil! Simply to know that you are buying an olive oil marked "pure" is not enough. The fact that an olive oil is pure does not necessarily imply that it is fit for human consumption. There are several different grades of olive oils, regardless of their purity. There is but one grade of olive oil that should ever be used for table use or for medicinal purposes; that is the first pressing of hand picked, carefully selected olives.

When you buy a can of OLIVESE you secure the HIGHEST GRADE Olive Oil that can be had at any price.

Early Sale of All Women's Newer Style Suits and Coats

Greatest Chance, So Far, for Unrestricted Choice of Price-Cut Suits and Coats, Newer and Finer Than Other Stores Have
SALE BEGINS THIS SATURDAY

Brand new goods without a blemish or fault! Suits and coats from celebrated makers who are forcing out their finer, choicest apparel to start fresh on clothing for next fall and winter. Makers are just about a season ahead of the actual wearing time, and this last purchase contains the advance styles for all summer wear.

Many of the coats and suits in this first important sale are hardly out of their wrappings. They were selected, personally, by our buyer who has just returned from the East.

Get this firmly fixed in your minds:—The garments are spring and summer, 1914, models and the pick of the preferred variations of style. We haven't an out-of-fashion garment in the store. EVERY coat and suit for women, juniors and misses is specially priced; the newer garments just purchased are away under usual markings; and the garments from regular stocks have been repriced down to the level of the others. What you choose is infashion and dependable; you won't have to guard against seasons-old stuff mixed with the new. This is the only store (inspect other store's stocks for proof) absolutely free of women's wear out-of-season. It's the best place to buy the clothes you want to look best in.

The Splendid Suits

—Some of them are in advance styles not yet shown at other stores. More variety, better values and less to pay.

The suits from the various celebrated makers are in the collection.

There are suits for every possible occasion. Suits elaborate, original and daring; suits of simplicity and charm, quiet toned and dignified, and suits between the two—clever models, high class and style-perfect.

ALL sizes, ALL colors, ALL textures, silk included.

Fashionable Coats

A late purchase and our entire regular stock. Coats of silk or wool, for utility or formal dress. ALL sizes, ALL specially priced.

No bigger stock of fine texture, smart style coats is shown in town. Variety includes Balmacaan, Ripple-tail and English models.

Silk moire and taffeta; shepherd's checks; golf one, serge, ratine, crepe, gabardine cloth, Scotch mixtures, homespun, English club checks and other textures.

Sizes and models are in black and colors for misses, juniors and women.

Presenting the Best \$15.00 Suit

It has Special Features that Higher Priced Suits Could Well Be Proud of

Heretofore, and now, the greatest number of men's suits in stock are above the \$15 price. These clothes, without exception, are from makers who specialize on \$20 to \$35 garments. With one of them we went into the matter of producing an exceptional \$15 suit—a suit with stylish lines, good tailoring and ability to wear well and keep its shape. In brief, just such a suit for \$15 that a man accustomed to paying \$25 would wear.

The suits, in a wide variety of styles, are here for you to view and choose. They are miles ahead of anything we ever sold at \$15 regularly.

While the materials are not the grade that go into higher priced suits, they are guaranteed ALL wool, shrunken, and color fast.

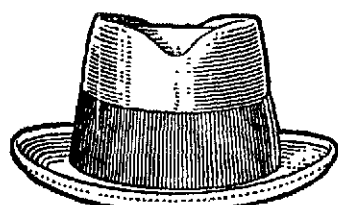

The hidden work, the inside textures that give the suits shape, are of a far BETTER grade than are usually put into \$15 clothes.

The patterns are strictly up-to-the-minute — plain.

stripes, pencil-stripes and chalk stripes on blue or black; plain blue serge; neat checks; solid colors — all on the best liked fabrics.

Styles are English—roll lapels, shortened coats, high cut vests, straight trousers, patch pockets; and there are strictly plain models for more conservative people.

A New Hat for Men

High crown shape, wide banding on pencil curl brim. An entirely new effect with 3 1/2 inch solid silk band and hand-tied bow on quarter.—Tomlinson & Co.'s latest and certainly a rich looking hat. Colors navy, brown, bottle green, medium green, dark green and steel. Price \$3.50 each.

Men's Clothing Store

It's quite a saving in wash bills to put the little tots in rompers for out-of-door play. Rompers of washable gingham, light and dark colors, 50c to \$1. Beach suits, 59c to \$1.50.

—There's a greater number of wash suit styles to choose from than we've ever had before; and there's odd fashions—the Dickens suits—differing from those of other seasons. Plenty of the plainer sorts, too; Russian and sailor blouse suits with straight pants. White and colors; percale to linen; a suit, \$1 to \$6.50.

BOYS

want their suits from Wright-wide choice of models and textures at the price parents want to pay. Suit prices start at \$3.50 for a good-style garment that wears well.

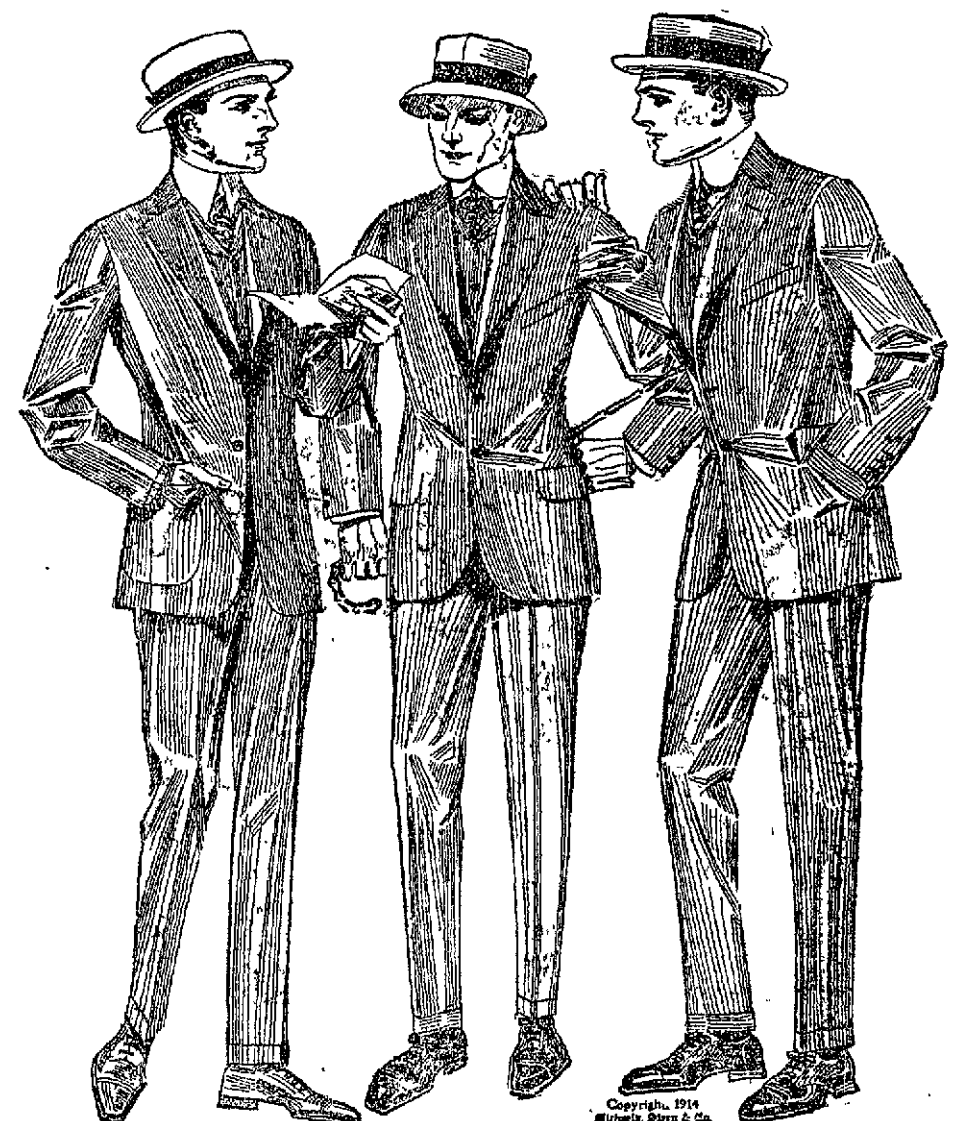

At \$5.00—

Elk Jr., suits in Norfolk style, some with patch pockets. Good, uncommon patterns—and a variety.

Serge suits—true blue, all wool Norfolk styles; two-pants suits of all wool textures in solid colors and stripes, checks and flake designs.

Between \$5.00 and \$15.00 one can indulge any fancy of dress for the boy who wants things "different." Sizes to 18 years.

Balmacaan Coats—Boys' sizes, homespun, light colors.
